2024 Day of Immunology Awards

In addition to the webinar, we once again call for campaigns to raise awareness on the critical topic of Immunology and Aging. Your participation is the key to spreading knowledge and fostering proactive health practices.

You can find more information about how to implement the campaigns and apply for the Day of Immunology Awards [here](#).

This year, we will have Day of Immunology European Award and Day of Immunology International Award. Each award will honor three societies who run most outstanding awareness campaigns. The awards will be as follows:

- **Day of Immunology European Award, by EFIS: EUR 3,000, EUR 2,000, and EUR 1,000 to the first, second and third most impactful campaigns**
- **Day of Immunology International Award, by IUIS: EUR 3,000, EUR 2,000, and EUR 1,000 to the first, second and third most impactful campaigns**

The deadline for submitting the final report on your campaigns will be **May 29, 2024**. We look forward to your active participation!

Previous Courses

We create and host online courses in partnership with the [International Union of Immunological Societies \(IUIS\)](#) and other bodies. These courses educate and support participants and students before and after Immunology conferences and courses world-wide.

We provide frameworks of knowledge so that participants can fully engage and get the very best out of real-world courses.

We also provide lectures, relevant resources and assessment to educate users on all fronts.

During the COVID-19 pandemic, Immunopaedia hosted virtual courses for the IUIS and other bodies.
