

IUIS FAIS Immuno-Algeria 2020 Report

**Current and future
perspective on adjuvants for
allergen immunotherapy-
Carsten Schmidt Weber**

**Allergie HSI physioPath –
Claude Lambert**

**Allergie HSR physioPath –
Claude Lambert 2020**

**Bradykinin Angioedema – Kamel
Djenouhat**

**Molecular dissection of
immunological defects
underlying Hyper IgE
syndromes – Ridha Barbouche**

**Dialogue between microbiota
and immune system – Yasmine
Belkaid**

**Joshua Labadah Student
Presentation**

Drug Hypersensitivity in TB HIV endemic settings - Jonathan Peters

**Experimental strategies to
evaluate the allergenic
activity of IgE-binding
molecules – Luis Caraballo**
