

IUIS-FAIS

Immuno-Ethiopia 2020

Supported by the
Volkswagen Foundation

Neglected Tropical Diseases and Malaria Challenges in Sub-Saharan Africa

Dates: 23rd – 29th February 2020

Location: Lakemark Hotel, Bahir Dar, Ethiopia

This course will be facilitated by an experienced international faculty. It will include lectures, discussions and presentations focusing on the immunology of leishmaniasis, schistosomiasis, malaria and fungal infections, in the context of sub-Saharan Africa.

The cost of the course, travel, meals and accommodation will be covered by the Volkswagen Foundation and IUIS.

All participants will have free access to online teaching material 6 weeks before the course via the Immunopaedia platform
www.immunopaedia.org.za

Requirements to apply

This weeklong course is open to MSc and PhD students, post-doctoral fellows, physicians, and scientists in the early stages of their careers, who have demonstrated an interest in the research or applied aspects of these diseases. Applicants must be from Africa or Germany.

Apply Online:
